BREAD MACHINE METHOD

Place ingredients into the bucket, program for basic or white bread, 1 1/2-lb. loaf, light crust, and press start. After about 10 minutes of kneading, add additional water or flour as necessary to produce a smooth, soft dough. Allow machine to complete its cycle.

BAKER'S TIP:

For burger buns: After the first rise, divide dough into 6 pieces (about 5 oz. each). Shape each piece into a ball and place on a lightly greased or lined pan. Complete second rise as directed and bake for 16-18 minutes at 375°F.
